

NLSI Lui Kwok Pat Fong College

EMBRACE GOD'S LOVE ENRICH OUR MINDS

Christian Co-educational Secondary School

School Profile 2021-2022

*Embrace God's Love
Enrich Our Mind*

School Missions

Based on the principles of the Bible, we impart subject knowledge to students and cultivate good behaviours. We aspire to make students understand the truth and the principles stated in the Bible and establish the proper values in life by helping them accept God as the Master of their life. We aim to enable students to have holistic development in spiritual, moral, intellectual, physical, social and aesthetic arenas so that they will become physically, mentally and spiritually healthy citizens who are able to distinguish right from wrong as well as act responsibly in society.

School History

Founded in 1969 on Hong Kong Island, the original name of the school was New Life School. Thanks to the donation of the Lui Ming Choi Foundation, the school was relocated to its current campus in 1985 and was renamed NLSI Lui Kwok Pat Fong College.

School Motto

Jesus Christ is the Master of New Life

School Sponsoring Body

New Life Schools Incorporation Ltd.

Self-directed learning

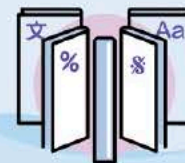

Language Policy

We strive to improve students' language competency so that they can be well-equipped to continue their learning in higher and further education.

1. Fostering a habit of using English as life-long and self-directed learning and catering for learner diversity

- to conduct Language Across Curriculum programmes(LAC) through collaboration between English department and departments of different content subjects in junior forms and to provide students with various learning experience outside classroom so as to facilitate their learning of other content subjects in English
- to provide professional training for teachers to identify and support gifted students in senior forms by joining the Programme of Gifted Education School Network Initiative by the EDB
- to provide S.1 Bridging Course and to build S.1 students' English foundation

Reading across curriculum

2. Providing opportunities to showcase students' learning outcomes and enhancing their confidence in learning English

- to organize "Lego Serious Play" programme and spelling bees to consolidate students' vocabulary bank of their content subjects
- to arrange students to do announcements, sharing and lunchtime news broadcasts in English
- to organize Global Week and expose students to different cultures through having exchanges with foreigners, for example, meeting with the volunteer team from an American multinational investment bank, Morgan Stanley

Christian belief

School Features

Nearly all teachers are Christians and they practise teaching based on Christian principles.

To educate and inspire students to aspire higher under the guidance of Christian belief and the theory of Growth Mindset

To cultivate positive values and a caring atmosphere in the campus

- In the Alpha Course of the Student Christian Fellowship, life issues are addressed in relaxing and lighthearted ways.
- Student Fellowship Working Group works with S.1 teachers to deliver religious studies lessons to motivate students to attend Student Fellowship on a regular basis.
- Ambassador of Care Team has been set up to facilitate students to show care to and serve others in local communities and overseas.

Serve to learn and
learn to serve

Equip ourselves and
explore pathways

Growth mindset

Life Planning Education

- All S.3 and S.5 students participate in Career Live, a social simulation game and career planning programme every year. It aims to help students reflect on their characters and abilities, understand their strengths and weaknesses to prepare them for further studies, for work as well as for life-long learning.
- Mock Results Release is organised to familiarize students with the flow of the release of the HKDSE results, tertiary institutes application and interview procedures.
- The Education Bureau has invited our school to share the outstanding results in Applied Learning with schools in Hong Kong. In addition, the press has interviewed our school on how Applied Learning is introduced and carried out in our school.
- To broaden students' horizons and inspire them to pursue their dreams, Overseas Higher Education Study Tours are organised.

2021 HKDSE

- The credit rates, namely level 4 to 5**, of 12 subjects were much higher than HK averages. Among them, the percentages of level 5 or higher in 8 subjects were above HK averages.
- Our overall percentage of **level 5*** and **5**** in **2021 HKDSE** was higher than that of the territory by more than **20%**.
- The percentage of our students meeting the general entrance requirements for local undergraduate degree programmes was much higher than that of Hong Kong.

Level 5, 5* or 5** of LKPFC

"No pain, no gain!"

Xian Yi Fan 5** 5** 5* 5* 5*

JUPAS Offer: BEng in Artificial Intelligence: Systems and Technologies - CUHK

- LKPFC has given me a lot of academic support as the teachers offered us a lot of practice. Practice makes almost perfect. I did a lot of exercises so I am able to get excellent results in Mathematics and the Mathematics Extended Module.

"DSE is not that hard. Just do it!"

Lee Yu Yin 5** 5* 5* 5

JUPAS Offer: BEng in Computer Science with an Extended Major in Artificial Intelligence - UST

- The school has provided us with supplementary classes, both online and offline ones. And the teachers are really helpful. They answer a lot of my questions and solve my problems.

LKPFC Stars 21 Students get 5** or 5*
Highest Score: 36 (Best 6)
